

January 9, 1974

And I would think for the most part you can almost interpret anything you want with the committee. I think that's one of the advantage in having the committee be in active session twelve month a year. Because you cannot do these specific things until the Legislature adjourns sine die. Now the other I want to say is, I have nothing to do with this bill and its preparation. And I can only thank Senator Whitney for his activity.

PRESIDENT: Senator Duis.

SENATOR DUIS: Mr. President, I want to support the advancement of this bill and also commend Senator Whitney for introducing the bill and announcing the fact that I think we've opened an entire new area for the youngsters for the state of Nebraska. We have three established schools now for their help. As I stated before, The Nebraska for the Deaf, The Nebraska School for Trainable Mentally Retarded Children at Cozad, The School for the Blind, and with the help of these three and the satellite schools I'm in hopes that we will be able to reach it. Now my only hope here now is we go ahead and pass this bill and then we see to it that we can also include, and if Senator Whitney is listening to me I would like to suggest to him that we get together and we try and get the deaf school, the blind school and the trainable mentally retarded school where we will be able to have satellite get out and help these youngsters in the state of Nebraska and it's a wonderful program. Thank you very much.

PRESIDENT: Once again, is there any further discussion now of LB 432. Senator Whitney do you have any closing. The question is shall LB 432 then be advanced from General File to E & R Initial. All those in favor vote aye. All those opposed vote no. Have you all voted? The clerk will record.

CLERK: 42 ayes, 0 nays and 7 not voting.

PRESIDENT: The bill is advanced. That brings up the General File debate to LB 334. Senator Cavanaugh's bill. Senator Cavanaugh are you ready on 334?

SENATOR CAVANAUGH: Can I have that passed over at this time?

PRESIDENT: Senator Cavanaugh is asking for unanimous consent to pass over 334. Are there any objections? Any objections? Hearing none. So ordered. Brings up LB 565 for General File debate. Constitutional Committee. Amendment Committee.

SENATOR SYAS: Can you take a bill ahead of this and let me come back to the other.

PRESIDENT: We only have one left 592.

SENATOR SYAS: All right, take that one up, and then come to mine. I'd like to appreciate talking to Jack Wilson here.

PRESIDENT: We move on temporarily then to.. We'll move on to the consideration of LB 592 and come back to 565 in a little bit if we finish with the debate on that. 592.
